(3) **Objectives and Scope of Activities.**

The TAC's objectives and scope of activities shall be to conduct public meetings, to submit reports and recommendations to the Commission, and to otherwise assist the Commission in identifying and understanding the impact and implications of technological innovation in the financial services and commodity markets. The TAC will provide advice on the application and utilization of new technologies in financial services and commodity markets, as well as by market professionals and market users. The TAC will provide advice to the Commission on the appropriate level of investment in technology at the Commission to meet its surveillance and enforcement responsibilities, and advise the Commission on the need for strategies to implement rules and regulations to support the Commission's mission of ensuring the integrity of the markets.

(4) **Description of Duties.**

In accordance with the provisions of Section 9(b) of the FACA, the duties of the TAC shall be solely advisory. Determinations of action to be taken and policy to be expressed with respect to the reports or recommendations of the TAC shall be made solely by the Commission.

(5) **Agency or Official to Whom the Committee Reports.**

The TAC shall submit its reports and recommendations directly to the Commission. The TAC will also have "Sponsor," who may be the Chairman of the Commission, a Commissioner, or a designee of the Commission, and who will be responsible for ensuring that the advice of the TAC is provided to the Commission.

(6) **Support.**

The Commission shall provide any necessary support services for the TAC.

(7) **Estimated Annual Operating Costs and Staff Years.**

The estimated annual operating costs in dollars and staff years for the TAC shall not exceed \$50,000 and .25 staff year. Other than for the TAC Chair, the Commission will not pay for member travel expenses or provide a per diem to members.
